## News and Views . . .

### and what have you by BOB CRAIG

This past week has been one of those weeks when you think that things could get worse and sure enough they do.

I bought an old linotype machine in Rule last week and moved it on Friday. The machine nearly turned over when I was unloading it and then my youngest son, Ricky, was playing around on the trailer that I moved it on and fell off, skinning up his face.

On Saturday I found out the hard way that carbon tetrachloride will dissolve plastic. You don't put carbon tet in a plastic container to clean parts in. I have found out since that it seems like everyone knew this but me.

On Sunday morning our oldest son, Darrell, chipped his front tooth and then later in the day we discovered that Ricky had the chicken pox.

On Monday I had to go to Anson for jury service. The only bright spot of the week was that I didn't have to serve.

With our son having the chicken pox my wife, Barbara, has had to divide her time between the home and office.

If this is a fair runner to Friday 13th I believe I'll just stay in bed that weekend.

The wife and I had to attend the open house at school Monday night in shifts because of Ricky and I didn't get to go into all of the rooms that I would have liked too, but those I did visit showed a great deal of work on the part of the teacher and the students.

James Josey brought the following article in the other day and maybe it will explain some of the errors that manage to creep into the Herald in spite of everything that we seem to be able to do.

"The editor of a small town weekly was severely criticised because of an error appearing in his paper, and in the next issue he had this to say about it:

"Yes, we know there were some errors in last week's paper. We will further agree that there were some errors in the issue of the week before, but before bawling us out too unmercifully about it, we want to call your attention to these facts: In an ordinary newspaper column there are 10,000 letters and there are seven possible wrong positions for each letter, making 70,000 chances to make errors and several million chances for transpositions. There are 48 columns in this paper, so you can readily see the chances for mistakes. Did you know that in the sentence, 'To be or not to be,' by transpositions alone, 2,759,022 errors can be made? Now aren't you sorry you got mad about that little mistake last week?"

## KATHY HALLMARK TAKES PART IN ALL GIRL BAND FESTIVAL

Last Friday and Saturday, Kathy Hallmark, senior band student participated in the two day All-Girl Band Festival at Texas Woman's University in Denton. One hundred forty-two girls took part in the festival, forming a 110-piece concert band and two 161-piece stage bands.

The girls began their daily schedule at 8:30 with full band rehearsals and continuing with sectional practice until lunch time. At 1:30 there were more full-band and sectional rehearsals. On Saturday afternoon, the visitors were free to visit campus facilities and audition for scholarship.

Friday evening the music department of the University presented a concert featuring the Lass-O Concert Band, the Modern Choir and the Serenaders, the stage band.

The Saturday evening concert featured the Festival Concert Band, the Melodians stage band and the Swingettes stage band.

The Concert band, in which Miss Hallmark played French horn, played "The Dam Busters March," "Black is the Color of my True Love's Hair," "Mesa Grande Overture" by Lowell Little, Associate Professor of Music Education at TWU, "Bohemian Scene," a suite and "Diamond Jubilee Lee March," a medley of Karl

## UTILITY COMPANY TO PASS TAX CUT ON TO CONSUMERS

Savings resulting from the reduction in Federal income tax will be passed on to West Texas Utilities customers according to plans for system-wide rate reductions announced today. These reductions in rates will save customers about \$1 million annually, approximately 2.8% at this time. Savings will be even greater as electric sales grow.

Ned Moore, WTU Local Manager announced that the Company plans to pass on the full benefits of the tax reduction which it will receive under the new tax law. Under the new

## Mayor, Councilmen Seeking Re-Election To City Office

All three incumbents have filed for re-election for their respective places on the City Council according to Mrs. H. M. Barrow, city secretary. The three were the only one to file up to press time Wednesday.

Seeking re-election are Hollis W. Madden, mayor; Floyd Clifton, alderman; and George Poe, alderman.

Madden will be seeking his first full term as mayor and both Clifton and Poe are seeking their second terms on the council.

Filing deadline for these posts is noon Saturday, March 7.

## Historical Group Making Plans for Civil War Week

Jones County residents will pause during week of April 20-26 to note the part of Texas, and particularly Jones County and old Ft. Phantom, played in the Civil War.

Bernard Buie, Chairman of the Jones County Historical Survey Committee, said today the local observance of the Texas Civil War Historical Appreciation week will include speeches at civic, cultural and study club meetings and school programs; essay contests for the high school students — and later in the year a special dedication program for the Jones County monument to be erected at the Anson Courthouse, honoring part of Jones County Civil War veterans.

The commemorative week is sponsored by the Texas State Historical Survey Committee and its Civil War Centennial Advisory Committee.

State winners in the essay contests will be honored during the week. The two winners will go to Austin for awards ceremony in the office of Gov. John Connally. All essays must be the original work of the student, and will be bound and presented to the Texas State Archives. Essays must be at least 500 words and not more than 2,500, confined to Texas people, military units and events in the Civil War.

law the income tax on corporations will be reduced in two steps of 2% each. The corporate income tax will go from 52% to 50% in 1964 and from 50% to 48% in 1965.

"We are giving customers the benefit of both the tax reduction already established for 1964 and the tax reduction scheduled for 1965," Cal Young, WTU President said. Passing this tax saving on to customers in form of rate reductions will simply leave the Company with the same rate of return it has been earning."

"Such system-wide rate reductions require extensive study," Young continued. "In addition, after the new rates are designed, considerable work will have to be done to adjust our IBM computer billing procedures to these new rates." Young added, "We expect to have the new rates in effect by mid summer . . . probably July or August. Prior to the time the rates are placed in effect, they must be approved by each incorporated city."

"WTU has a unique record for any industry . . . one of which we are very proud," Young pointed out. "WTU has never raised a rate. Through the years we have consistently reduced the cost of service as plant efficiency and improved operations, together with increased customer usage permitted. This planned rate reduction is a continuation of that long-established policy."

WTU supplies electric service for Hamlin and 165 other West Texas towns and communities in 50 counties extending from the Red River to the Rio Grande.

## Piper Track Team Places Eighth in Iowa Park Meet

Hamlin High School Track Team carried nineteen boys to Iowa Park last Saturday where they participated in their first track meet of the season. Lake Highlands claimed the title by outscoring the best team 116 to 74. The Pipers took eighth place in a field of twenty-five teams. The Pipers scored 20 points.

Larry Butler, Robert Pearce, Mike Shivers and Larry Simpson were the point winners for the Pipers. Butler took third place in the high hurdles with a 15.5 clocking and second place in the low hurdles with a 20.8. Pearce took fourth place in the broad jump with a leap of 20 feet 2 inches. Shivers and Simpson tied for fourth place in the high jump. Other stand outs were Kenneth Scott and Danny Contreras in the 1-mile run and David Drummond the 880 yard run with a 2:11 for his first clocking.

Friday the Pipers will participate in an inter-squad meet. Their next official meet being March 14, at the Coleman Relays.

## Texas Cattle Group President Asks for Import Restrictions

The president of the Texas and Southwestern Cattle Raisers Association said today that legislation to adequately restrict beef imports seems a more logical solution to the present low cattle price problem than the Administration's announced government beef buying program.

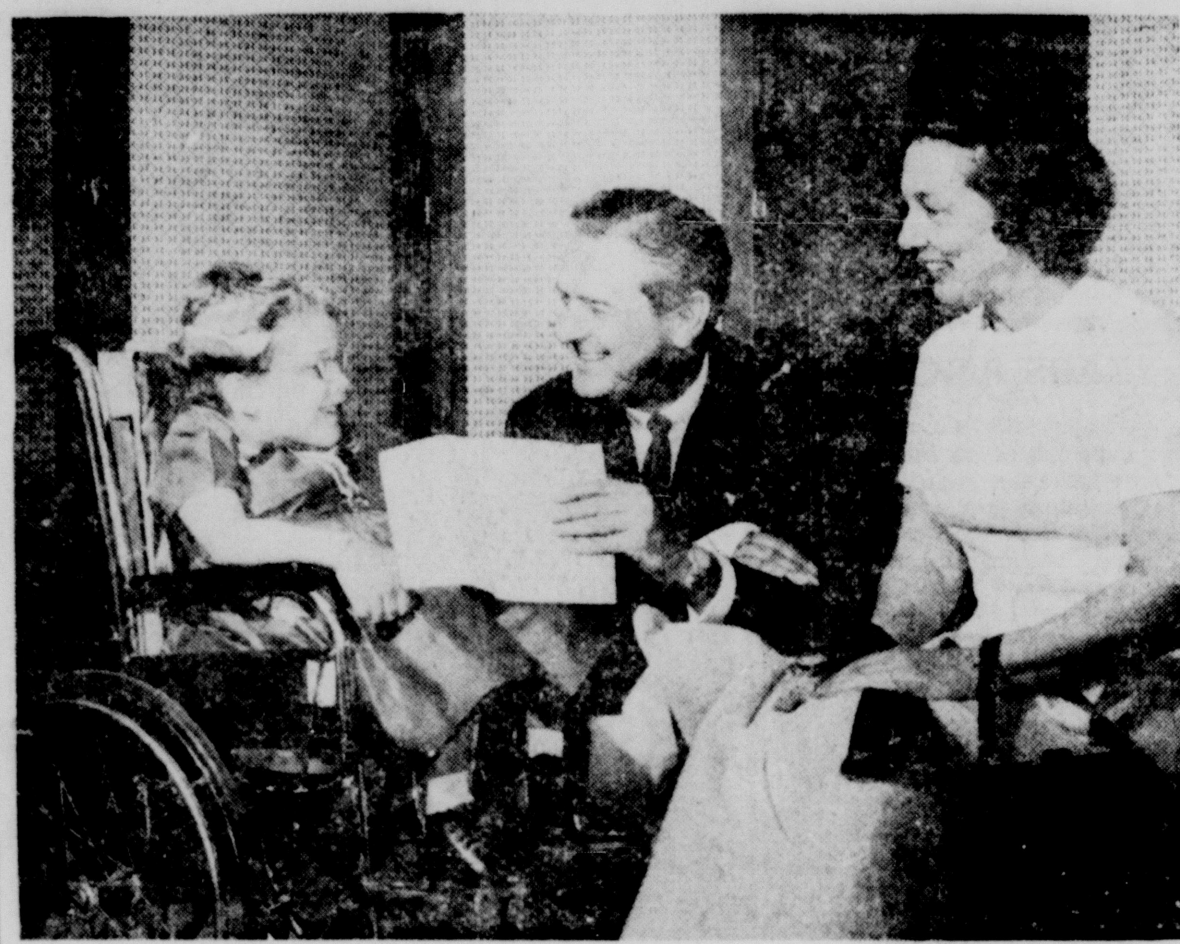

Leo Welder of Victoria said that at a time when the Administration is stressing economy of government at all levels, it appears a more feasible solution would be to support emergency type legislation to immediately impose reasonable quotas on the shipment of foreign meats into the United States.

Welder said cattlemen feel the government beef buying programs would do little to strengthen presently depressed livestock prices and would have no effect on the impact of future beef imports on stability of the domestic beef market.

He said adequate restrictions of beef imports through legislation could be achieved without cost to the taxpayers, and that consumers would continue to have adequate supplies of quality beef at reasonable prices.

Eddie Gabriel is home on furlough after graduating from the personnel man's school at the San Diego Naval base. He will go to Moffett Field, in San Jose, California.

# Piperettes to Meet Grandbury Friday in Regional Tournament

**GOVERNOR CONNALLY DECLARES MARCH EASTER SEAL MONTH** — Governor John Connally officially declared March Easter Seal Month for the Texas Society for Crippled Children and Adults with the purchase of Easter Seals from Linda Singleton, State Easter Seal Child, a patient at the West Texas Rehabilitation Center in Abilene, was born with a birth defect and has received rehabilitation services through the West Texas Rehabilitation Center, on Easter Seal Center, for the past three years. Governor and Mrs. Connally took time from their busy schedule during the recent B-52 Day at Dyess Air Force Base in Abilene to be the first purchasers of Easter Seals for 1964.

## Brother of Three Local Women Dies In Wichita Falls

Prentice S. Graham, 60, brother of three Hamlin women died about 1:30 p.m. Friday in a Wichita Falls hospital after a lengthy illness.

A victim of multiple sclerosis for about 15 years, he had headed a drive in 1954 to gain funds for research against the disease. He also had cancer. He had been hospitalized for three weeks.

Funeral was held at 2 p.m. Saturday in First Baptist Church in Wichita Falls with Dr. Landrum P. Leavell, pastor, officiating. Burial was in Crestview Memorial Park.

Mr. Graham was born Feb. 8, 1904 in Richland Springs, Texas. He was graduated from Hamlin High School and began his banking career here. He moved to Wichita Falls in 1926. He worked for the City National Bank for many years before his retirement in 1952.

Survivors are his wife, Mrs. Una Graham; one daughter, Mrs. Charles Thomas of Wichita Falls; one son, Lt. Donald D. Graham of Lawton, Okla.; four sisters, Mrs. Arla Burgess, Mrs. C. M. Abbott and Mrs. Evaline Ferguson, all of Hamlin, and Mrs. John E. Walton of Lubbock; four grandchildren.

## Several New Books Added to High School Library

The high school library has received several new books this year. Among the fiction books are A. J. Cornin's "Beyond This Place", an exciting novel of suspense, a gift to the library; "Wuthering Heights" by Emily Bronte; "It Could Happen to Anyone" by Margaret Craig; and "Lost Horizon" by James Hilton.

Among the new non-fiction books are a set of twenty biographies including Dag Hammarskjold, Babe Didrikson, Frank Lloyd Wright, Ernest Hemingway, and Horace Mann; two books on Texas History, "Gaines' Mill To Appomattox" and "General Tom Green, A Fighting Texan"; "The Seventeenth Book of Decorating"; the "1964 World Almanac and Book of Facts"; and two books which are sent annually by Omar Burleson, "The Congressional Dictionary" and "The Yearbook of Agriculture."

Also added to the library recently were framed pictures of the late President Kennedy and President Lyndon B. Johnson.

Mr. and Mrs. A. V. Brannon of Munday, Indiana, visited his aunt, Mrs. Martin Westbrook and family Tuesday.

## FED CATTLE PRICES CONTINUE DECLINE; REACH 1957 LOW

Fed cattle prices continued to decline in February and reached their lowest point since early 1957.

The best demand in the Texas fed cattle market has been for high good and choice steers weighing 1,000 to 1,100 pounds, according to the latest summary published by the Cattle Feeders Division of the Texas and Southwestern Cattle Raisers Association. The spread between good and choice grades has been narrow.

During the past month there has been a noticeable decline in beef prices at the retail level. Lloyd Bergsma, director of the cattle feeders division, said this price adjustment was long overdue but it should help to

move the tonnage of beef available through trade channels with less pressure on live and wholesale prices.

For the week ending Feb. 22, total production of meats under federal inspection was 485.5 million pounds. This was down 2 million pounds from the previous week but was 48.4 million pounds above the same week last year.

The average weight of cattle slaughtered during the week ending Feb. 22 was 1,075 pounds up five pounds from each of the previous two weeks and 14 pounds above the comparable week last year.

Dressed beef prices were lower during the month. At Houston 400-600 pound good steer beef was quoted at \$34.50 - \$35.50 down \$1 from prices quoted at the end of January. Good grade calf in the 180-350 pound carcass weight range was selling at \$26-\$28 compared to \$27.50-\$28.50 last month.

At San Antonio good steer and heifer beef 500-650 pounds was selling for \$32-\$35.50 compared to \$34-\$37 in January. At Omaha choice steer beef in the 600-700 pound weight range was quoted at \$34.35 at the close of February, down 50 cents per hundred weight from the previous month.

## Resident's Uncle Dies in Abilene

W. L. Shirley, 71, longtime resident of Anson and uncle of Mrs. Vernon Sharer of Hamlin, died last week in Abilene. He was buried Thursday after services were held in the First Baptist Church of Anson where he was a member.

His daughter Doris is the wife of Dub Jackson. They have served for several years as missionaries of the Southern Baptist Convention in Japan.

Another daughter, Billie, now a teacher at Hardin-Simmons University, also spent a year in Japan.

## Light Snow Falls Here Wednesday

Only .01 inches of moisture was received here from a shower which fell late Tuesday night.

Early Wednesday morning small snowflakes were followed by large feathery flakes which were quickly driven away when the sun came out about 9:15 a.m.

## DOWNS IOWA PARK. 42-31, TUESDAY FOR BI-DISTRICT

The Hamlin Piperettes captured the bi-district championship Tuesday night by defeating Iowa Park 42-31 in Seymour High School Gymnasium.

After a slow first quarter the Piperettes were trailing 6 to 9. Over anxiety on the part of both teams accounted for the low scoring first quarter. The Piperettes came fast in the second quarter scoring 19 points and limiting the Iowa Park girls to eight points to gain a 25-17 advantage at intermission.

In the third quarter each

team scored 11 points making the score 36-28.

With six minutes left in the fourth quarter the Piperettes went into a stall to preserve an eight point lead. They extended the lead to 11 points by hitting 6 of 9 free throws while holding their opponents to three points.

Barbara Lakey and Cheryl Brown shot over 60% from the floor and each pulled down five offensive rebounds. Kay Hodnett stole the ball four times and Donna Compton accounted for six defensive rebounds.

The girls leave here Friday at 6:30 a.m. for Regional Playoffs at the campus of Texas Tech. They will meet Grandbury at 12:30 p.m.

## Grandson Becomes Greenvilles Only Leap Year Baby

David Christopher Cowan, son of Mr. and Mrs. David L. Cowan of Greenville born Feb. 29, will not get to celebrate his first birthday for four years but it is certain that he will not be forgotten each year by his grandparents, Mr. and Mrs. D. W. Cowan and Mrs. Faye Dean, all of Hamlin.

David was Greenville's only Leap Year Baby. He was born at 4:45 a.m. and weighed 8 lbs. 8 oz.

The parents are both graduates of Hamlin High School and North Texas University in Denton. Mrs. Cowan is the former Lusara Dean. They have a daughter, Leslie, age three and a half.

Cowan is plant manager of Henson Kiekernick, a lingerie manufacturing firm in Greenville.

## Bill Murff Begins Sales Management Training School

Bill Murff, son of Mr. and Mrs. Joe Murff, is in Akron, Ohio, where he began training for sales management and international marketing at Firestone International Company. He will be in training for one year and will then be given an overseas assignment.

A 1958 graduate of Hamlin High School, Murff attended Southern Methodist University and was graduated there with a double major in management and marketing. He was a letterman on the S.M.U. Mustang football team.

In January this year he received his master's degree in international economics from American Institute for Foreign Trade in Phoenix, Ariz.

He worked as a management trainee one summer in Sao Paulo, Brazil, for Anderson, Clayton and Company. He has also served as sales and control agent for American Airlines in Dallas and Phoenix, Ariz.

His wife, the former Suzanne van de Putte of Sao Paulo, Brazil, is also a graduate of S.M.U. with degrees in music and elementary education. She also received a masters degree from American Institute for Foreign Trade with her husband. They have a two month old son, William Craig Murff Jr.

Before going to Akron they visited with their parents Mr. and Mrs. Joe Murff, and Mr. and Mrs. Charles van de Putte in Sao Paulo, Brazil.

Friday, School dismissed for teacher's meeting.

52 Study Club meets 3 p.m. at the home of Mrs. Burt Oliver.

Literary Club meets 3 p.m. at the Harden Memorial Library.

Sunday  
Regular church services. Check the church page in this issue of services in the church of your choice.

FAIRVIEW NEWS

By MRS. ELMER JOINER

News is scarce this Monday morning, even the rain that the weather man promised us yesterday, failed to show up. It looks like at this time there might be a sand storm, which would be typical for this time of year. Since yesterday was the first day of March, and it was a beautiful day, what one news commentator said was very fitting, he said that the month came in this year like a little tabby cat. Just given time the old March lion will show up, maybe today.

A few more were present at the study course last Wednesday night. This week film complete the series, after which the awards will be given.

George Wainscott returned from Dallas, Thursday, where he underwent tests to determine the cause of his illness. They found his trouble and surgery was not indicated at this time, just medication. It is to be hoped that he will feel a lot better, real soon.

Keenan Wright really has the chicken pox this week, although not such a severe case, but more bumps than his sister Melinda had.

Mr. and Mrs. John Beauchamp and Debra, were Saturday night visitors of the H. L. Ford family.

Mrs. Elmer Joiner visited with Mrs. L. R. Faulkner, in Hamlin, Wednesday afternoon.

Mr. and Mrs. H. L. Matheny, Andrews, visited with Mr. and Mrs. E. A. Henry, Tuesday morning. They had been attending the lectures at A.C.C. Mrs.

Matheny is a sister of Mr. Henry and her husband is the minister, for one of the Church's of Christ, in Andrews.

After about three and a half years of attending barber school in his spare time, Woodrow Goodwin finished his course last week. He will go before the State Board, in the near future, after which he will be a full fledged barber. Going in his spare time only, it just proves what little spare time a farmer has, since it took him so long.

Mrs. Fred Rosenhaus has been on the sick list the past week. Although she was in church Sunday, she still isn't over what ails her. Having asthma, it makes it hard on her flu. One thing good about it all when she takes cold or has the flu, she really got in his say that time. Seriously, we hope sheon feels better, for as we said, flu and asthma are a bad combination.

Mr. and Mrs. Archie Hogan, Spur, were Sunday visitors of her brother, Mr. and Mrs. Woodrow Goodwin and Linda.

Bob Murff, student of State University, Denton, spent the weekend with his parents, Mr. and Mrs. Joe Murff.

Another son of the Murff's Billy, spent Wednesday night with them, enroute from Sao Paulo, Brazil, to Akron, Ohio. After both he and his wife, graduated from Institute of Foreign Trade, with a Masters Degree, in Phoenix, Ariz. they went to Brazil, for a visit with her folks. She and little son, are still with her folks, but will join him in Akron, the last of

this week, where they will make their home.

Owing to sickness, either of them or some one in their family, of those responsible for family night in the church, it was not held this month. But it is hoped that everyone will be able to plan a good one for March, since it was agreed to double up on it.

Any one wondering about our church coons, they seem to be inactive right now. If they got in the church house they have been real quite about it, and if they failed to get in, they must have found another winter home.

We always have some thing to tell that has happened to Mrs. Henry, and those reading this have probably already discovered that the Henry's are very much loved out our way, since they are so young in heart, although they have celebrated their golden wedding anniversary. Well, it seems that last Sunday morning that "Ern" was hurrying her too much, and she turned up in church with one shoe of one kind on one foot and another kind on the other. Taking it in her usual jolly way, she remarked that at least she had another pair of shoes at home just like the ones she had on.

YEARS AGO—

FIVE YEARS AGO:

Only 28 of an inch of moisture has been registered at the government gauge maintained by Bill Roundtree at the City pump station in December, a record low for any like period January and February, which is of the year since the government gauge was established in 1942.

New president of Hamlin year beginning July 1 will be C. Rotary Club Club for the fiscal F. Cook Superintendent of Hamlin schools.

Musicians of the 60-piece Hamlin High School Pied Piper Band will be in Sweetwater Saturday for the sixth annual band festival, according to Mac Fullerton, director of the local organization.

TEN YEARS AGO:

Highway 83 from Abilene to Anson will be made a four-lane thoroughfare under plans of the Texas Highway Commission. The County will be expected to furnish right-of-way.

Small grains in the Hamlin area are suffering for want of moisture, declares growers, who say rains are badly needed.

FIFTEEN YEARS AGO:

Plans for the construction of 18 new homes in Northwest Hamlin have been completed by Tom Holman.

Malouf's Department Store has announced that five per cent of all sales during a week end sale will be given to the Hamlin Memorial Hospital.

One Year in Trade Territory \$3.00  
Including Jones, Fisher, Nolan, Taylor, Shackelford, Stonewall and Haskell Counties  
One Year Outside Trade Territory \$4.00  
One Year Out of State \$5.00

Notice to the Public: Any erroneous reflection upon the character of any person or firm appearing in these columns will be corrected gladly and promptly, upon its being brought to the attention of the management.

It's just good sense to wash and dry electrically with FRIGIDAIRE

The 1964 flameless electric Frigidaire washers and dryers offer complete freedom from washday drudgery. They're completely automatic and virtually maintenance free.

The washer is equipped with a unique 3-ring agitator which keeps clothes in the under water "Action Zone," removes lint, guards against tangling, and unfolds every piece to clean them inside and out. And by the way, the washer automatically dispenses bleach and detergent, whether liquid or powder.

The Flowing Heat dryer tumbles clothes gently on a cushion of air, pampering the finest fabrics. And the Automatic Dry control shuts the dryer off when clothes are "just-right" dry.

No other washer and dryer approaches Frigidaire for quality, advancement, and performance.

THE SET FOR LESS THAN (average)

\$300 PER WEEK

(12.75 monthly—after regular down payment)

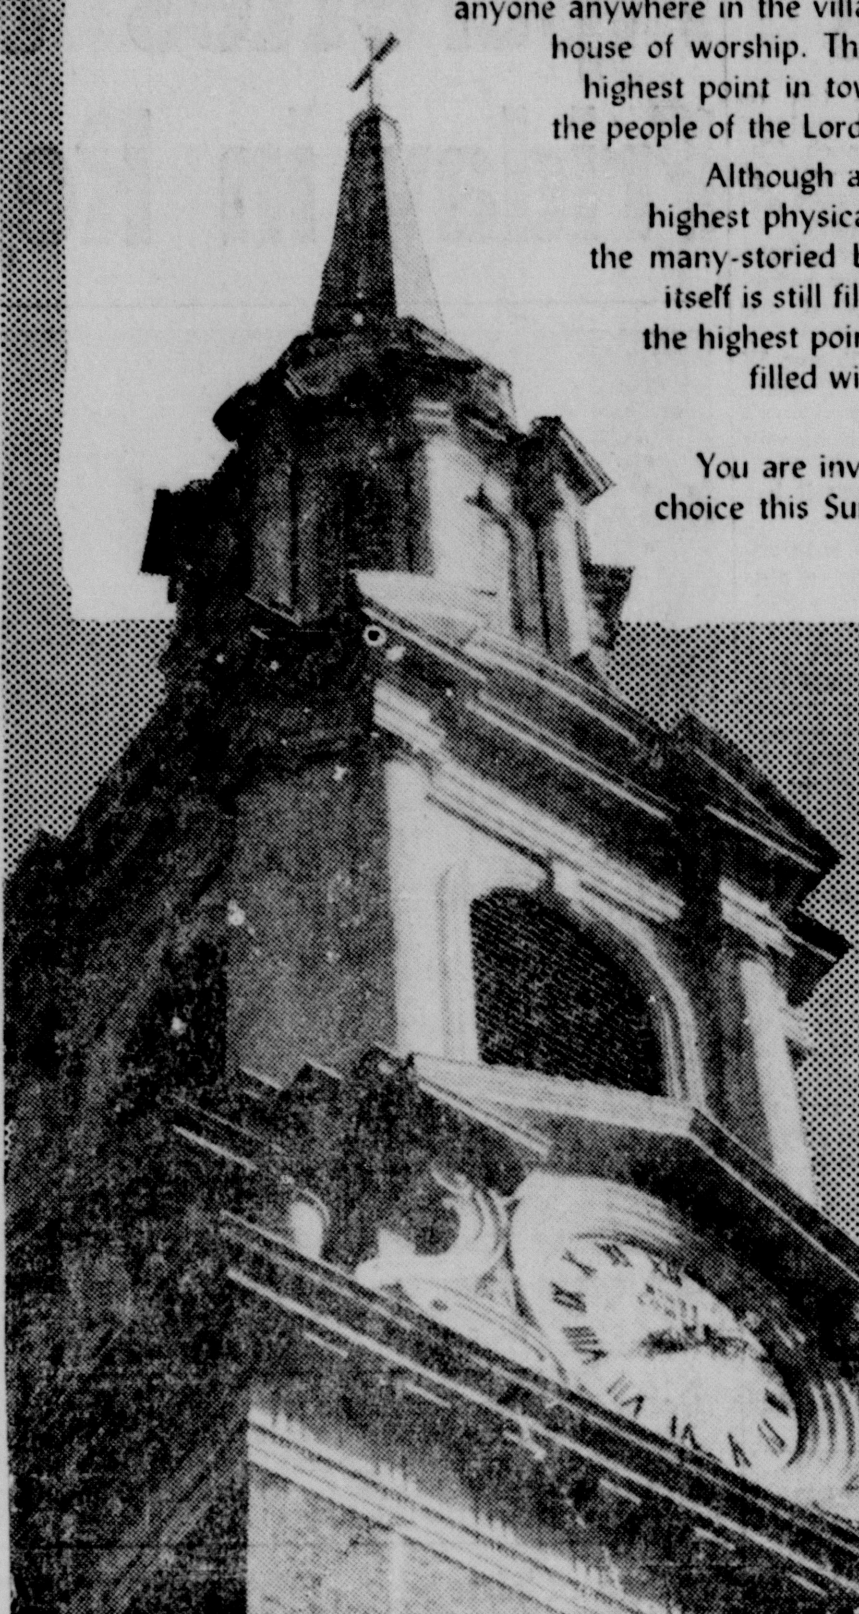

Convenient terms may be paid with your regular monthly electric statement.

See the Frigidaire washers and matching electric dryers at your WTU showroom.

an investor owned company

THE HIGHEST POINT

A steeple was first built on the town church so that anyone anywhere in the village could look out and locate the house of worship. The steeple on the church was the highest point in town. This was a physical fact and the people of the Lord knew it was a spiritual fact also.

Although a church's steeple is no longer the highest physical point in the city because of all the many-storied buildings and towers, the church itself is still filled with people who have reached the highest point of Godly maturity and who are filled with the highest degree of Christian love for God and man.

You are invited to attend the church of your choice this Sunday to learn of the love of God and His people toward you.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

PIPER PATTERN—  
**PIPER BAND TO TAKE PART  
IN LAMESA BAND FESTIVAL**

The Pied Piper Band will leave Hamlin at 1:00 Friday, March 6, to go to Lamesa. This is the second year for the band to compete in the Lamesa Festival. Band members will stay in private homes Friday night, and a program has also been planned for their entertainment. The stage band, under the direction of Tim Jones, will participate on the program. The band took first place honors in Class AA Concert and Sightreading events at this contest last year. "Coat of Arms", a march by George Kenny, "Elsa's Procession to the Cathedral" from "Lohengrin" by Richard Wagner, and First Swedish Rhapsody by Eric Leidzen are the selections the band has chosen to play for contest.

hhs  
School will be dismissed Fri-

**CHEVELLE! by CHEVROLET—a great highway performer**

Malibu 4-Door Sedan

Malibu Super Sport Coupe

Malibu Super Sport Convertible

Chevelle 300 6-Passenger Station Wagon

**Chevelle balanced performance is best!**

Passing, cornering, threading through traffic, sudden stops—Chevelle excels all around! Chevrolet's new surprise package has what it takes to meet any driving challenge: Six or V8 engines, hefty brakes, Full Coil suspension—and a trim size that makes the most of them!

Chevelle means performance aplenty—standard 120-hp Six or 195-hp V8—and optional at extra cost, a 155-hp Six, a 220-hp V8, a new 327-cu.-in. V8! But Chevelle's performance means more. Chevelle's a foot shorter than the big cars. And the space Chevelle saves in size comes off the ends, not the middle. So it rides like you want a car to ride.

Chevelle lets you choose Powerglide\*, 4-speed manual\* or 3-speed manual transmission. Knowing how people like the custom touch, we wrote out a long list of extra-cost options. Knowing all this, what's keeping you from a test drive? Certainly not your Chevrolet dealer!

33 SOUTH CENTRAL AVENUE

HAMLIN, TEXAS

DIAL SP 4-1661

**NEW TEXAS HIGHWAY MAP  
NOW ROLLING OFF PRESSES**

AUSTIN — A sparkling new extension of the theme "Texas: America's Fun-Tier," is now rolling off multi-color presses by tens of thousands as the 1964 Official Highway Travel Map of Texas becomes available to native motorists and Lone Star State enthusiasts from Seattle to Siam.

The Texas Highway Department estimates that three-quarters of a million copies, and perhaps more, will be distributed the coming months to almost every manner of individual and institution.

An elementary class in Brooklyn may write for a map in conjunction with a study project; an Indian maharaja may request one prior to a visit; Communist espionage agents may even steal a few, though the maps are free for the asking to anyone, anywhere.

Every line, symbol and figure on Texas' 1964 Official Highway Travel Map has been newly calculated, plotted and described and every effort has been directed toward making the map more legible and easier for the average motorist to use. Type faces are bolder, colors have been selected for maximum brilliance, and the national standard system of highway symbols has been followed in almost all instances.

Another innovation to make the new map more legible is the deletion of almost 7,000 miles of Farm to Market roads. Because of the increasing complexity of the Texas highway system, a map attempting to portray every mile of rural road would be impossibly crowded at the scale on which the Texas map must be printed.

Farm to Market roads which do not serve as links between regular highways are not included on the new map, nor are those which do join two or more communities. Communities with populations of less than 250 are not shown. Farm and Ranch to Market roads which do serve as connecting links are shown on the map.

The 1964 Texas Travel Map will show a brand new route bearing the distinctive Ranch Road No. "1". Located in Gillespie County the newly designated Ranch Road No. 1 is a 4 mile loop bordering the Pedernales River and connecting the ranch home of President Lyndon B. Johnson with U. S. 290.

Progress on the Interstate Highway system in Texas is seen at a glance, and other four-lane super highways are clearly depicted. Such divided highways now number more than 3,100 miles in the state.

with 650 additional multi-lane miles presently under construction. The map shows 860 Safety Rest Areas and 1,780 cities and towns.

Texas' 12 major cities with populations above 100,000 are each illustrated by map insets which chart the main thoroughfares and through routes. On the map's back, 20 full color photographs display tantalizing Texas scenes, and there is a message of greeting from Texas Governor John Connally.

Free copies of the 1964 Official Highway Travel Map of Texas may be obtained by writing the Texas Highway Department, Austin, Texas 78703. Each county tax office supplies free postcards with which maps may be ordered. Copies are also available at each of the seven Tourist Bureaus located on key highways entering the state, and at all of the 25 Highway Department district offices.

**Storing The 'Hoppers**

To keep frogs, grasshoppers and the like alive for a long period, put them in a mason jar with a few handfuls of grass. Be sure to punch breathing holes in the lid. Place the jar in the refrigerator where it is cold but not freezing. When you are ready to go fishing, remove the bait. The "hoppers" and frogs soon become active again.

**Repairing Broken Rods**

To repair a broken hollow-glass fishing rod, simply purchase a steel drill-bit the exact size to fit into the rod. Glue into place and it will hold both halves securely together.

**Keeping Sinkers Tight**

To prevent a clinch-type sinker from slipping on monofilament line, simply put a rubber band into the groove of the sinker before putting it on the line. Clamp down tight and the sinker will hold its position firmly.

SHERRY BURSON  
... bride-elect of Larry Upshaw

### Sherry Burson and Larry Upshaw Plan March Wedding

Mr. and Mrs. Raymon H. Burson of Haskell announce the engagement and approaching marriage of their daughter, Sherry to Larry Neil Upshaw, son of Mr. and Mrs. Leon Moore, of Abilene.

The couple plan a March 27 wedding at 7 p.m. in the First Baptist Church of Haskell.

Miss Burson is a 1961 graduate of Haskell High School and is a senior speech and theater major at Hardin-Simmons University, Abilene.

Upshaw is a nephew of Mrs. Marvin D. Carlton of Hamlin.

### Five Hamlin Girls Attend Annual YWA Houseparty

Connie Jo Duncan, Mary Lois Patterson, Elizabeth Cunningham, Mary Ann Elkins, Christy Wallace and their counselors, Mrs. Everett Gibson and Mrs. W. W. Wallace, attended the annual Y. W. A. houseparty held on the campus of Hardin-Simmons University in Abilene.

### Holds Skating Party

The Juniors of Central Avenue Baptist Church were entertained Thursday evening with a skating party at the Anson Roller Rink.

The social was attended by 43 Juniors and nine adults.

### Mrs. Guy Weaver Named Sweetheart Of Beta Theta

Mrs. Guy Weaver was crowned sweetheart of the Beta Theta Chapter of Beta Sigma Phi at the annual Sweetheart party hosted by Mr. and Mrs. Billy Jo Wilson Feb. 20, in their home.

A buffet supper was served forty guests.

Games of bridge and forty-two were played with prizes being won by Mrs. David Casey, Mrs. Dewey Nunley and Mrs. Sam Walker. Mr. Wilson Brannon and L. C. Bonds.

### Study Club to Meet Friday Afternoon

The Fifty-two Study Club will meet Friday 3 p.m. with Mrs. Burt Oliver as hostess.

Mrs. Lewis E. Madden will direct the program. Taking part on the program will be Mrs. Irby Weaver, Mrs. Noel Weaver and Mrs. Dean Witt.

NITA LOUISE SPRAGUE  
... bride-elect of Jerry Carlton

Mr. and Mrs. Bobby O'Neal and family of Lubbock were recent visitors of his parents, Mr. and Mrs. John O'Neal.

### Jerry Carlton and To Wed Borger Girl in Dallas

Mr. and Mrs. Albert N. Sprague of Borger have announced the engagement of their daughter, Nita Louise of Dallas, to Jerry Weldon Carlton, son of Mr. and Mrs. Weldon Carlton of Hamlin. Vows will be exchanged at 8 p.m. March 27 in Slaughter Chapel, Dallas, with the Rev. Kenneth Sutton, pastor of Dallas First Baptist Church, officiating.

Miss Sprague completed Jacksboro High School and graduated from North Texas State University, where she was a member of Alpha Lambda Delta, Alpha Phi, and Mary Arden. She was Yucca Beauty and a U. S. N. T. Senator. She is presently teaching in Garland.

Carlton is a senior at NTSU, a member of Lambda Chi Alpha.

### Literary Club Sets Meeting at Library

The Woman's Literary Club will meet Friday at 3 p.m. at the Harden Memorial Library.

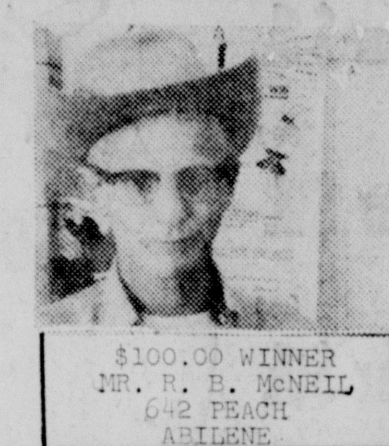

Mrs. L. H. McFride will preside "The Regional Vocabulary of Texas."

Mrs. C. F. Cook will be program director. Parliamentary procedure will be given by Mrs. D. D. Mason. Profile of the author will be by Mrs. Lenard Hantley.

### Albrittons Win Duplicate Bridge

Winners of first place in the Hamlin Duplicate Bridge Club Tuesday night were Mr. and Mrs. Henry Albritton. Mrs. Grady Bowdrey of Stamford, Mrs. Starr Inzer tied with Mr. and Mrs. Harry Yates of Stamford for second place. Then fourth place winners were Mr. and Mrs. Harvey Elkins.

## Engagement of Wynell Williams, Bobby Hunt Told

Mr. and Mrs. Glen Williams are announcing the approaching marriage of their daughter, Wynell, to Bobby Hunt of Old Glory, son of Mr. and Mrs. Bob Hunt.

The wedding vows will be read at 7:30 p.m. March 28 by Robert McClellan, pastor of the Sunset Baptist Church, in the home of the bride's parents.

The bride-elect is a 1963 graduate of Hamlin High School.

Hunt is a 1962 graduate of Old Glory High School and is employed by J. R. Ray Drilling Company.

## First Baptist YWA Studies Home Missions Monday

The Y. W. A.'s of the First Baptist Church met Monday afternoon at the church for a program on home missions presented by Mary Lois Patterson.

Connie Jo Duncan presided. Christy Wallace led the closing prayer. Other attending were: Rose Lovell, Lynn Miller, Marilyn Reynolds, Carolyn Reynolds, Mrs. Everett Gibson and Mrs. W. W. Wallace.

## 16 Attend Meeting Of Beta Theta

Sixteen members of Beta Theta Chapter of Beta Sigma Phi met Feb. 19 in the home of Mrs. Diane Stallcup in their regular meeting.

Mrs. Wilson Brannon, president conducted the short business meeting.

The members then went to the home of Mr. and Mrs. S. L. Tate for the program. Both Mr. and Mrs. Tate showed different hobbies and art work also a tour through their house to see the decorations each had made for their home. They explained how to make your house your individual work of art.

The next meeting will be in the home of Mrs. Jack Willingham.

## FOR HORSE LOVERS...

by Cecilia Johnson  
While it may not be generally known, horses have Rh factors similar to that of humans and have the same problems when the negative and positive factors are incompatible. I guess in horses it would be called a blue colt rather than a blue baby.

The Boyd Gibsons found this out a couple of weeks ago when they had a colt born that became very weak and wobbly a few hours after birth. They called in a veterinarian who discovered the trouble and started replacing the colt's blood with blood from a registered Appaloosa owned by Ben Turner.

The colt lived only four days, the colt lived only four days. The Gibson family, Boyd,

Beverley, and their children, Steve, 12, and Cheryl, 10, enjoy their horses which include three registered quarter mares and one registered filly colt. The horses are being trained for special duties and also provide a good hobby for the family.

One of the mares, Sissy, has been in race training for six months and is now racing. Blackway, a mare owned by Steve, is used for flag races. She is out of Gilliams Atway out of the Bandplays blood line.

Mallards Lady is out of Jacobs Trixie and has a yearling filly who is a great granddaughter of the Great Joe Reed P3. The mare is now in foal from Wampus Bars.

SISSY  
owned by Boyd Gibson

## PHILOSOPHER WILLING TO FACE PERILS OF 100 PERCENT LEISURE NOW THREATENING MANKIND

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route 1 must have more leisure than he realizes, to be worrying about what he is this week.

Dear Editor: One thing about an expert is that he can worry a problem from more

succeeding C. T. McLaughlin of Snyder.

Connaally selected three committees — one of 73 members, another of 21, and a third of five.

The five-member group will study development and use of Texas bays. Members are Dr. Carl J. Lind Jr. of Houston, Barry Richburg of Pasadena, Stone Wells of Houston, Charles Sowell of Houston, and John Clegg of Port Lavaca.

Judge Herman Jones of Austin was appointed chairman of the 21-member Citizens Advisory Council on Mental Retardation to help with a new state-federal planning program which will bring a \$30,000 grant to Texas.

State Sen. Walter Richter of Gonzales is chairman of the steering committee of the Governor's 73-member Committee on Aging.

**DROP-OUT STUDY** — Texas Education Agency will begin the first projected series of five pilot programs for school dropouts in the Corpus Christi School District.

District will work with Earl Martin of TEA in (1) direction and planning of special courses for dropouts; (2) assisting in developing part time employment possibilities for pupils who need work to stay in school; and (3) organizing a program of consultation to meet the dropouts' needs.

**TOURING TEXANS** — Two Texas tourists got home from Germany with high hopes they have been successful in interesting Germans in touring Texas.

Sen. Walter Richter of Gonzales and Walter Meyer of San Antonio made the trip as official goodwill envoys. They got to Dusseldorf in time for Meyer to ride in a carnival parade in full cowboy attire. Richter said many German children wear cowboy suits, and they have hope to capitalize on their interest in cowboys to perk up Texas tourist business.

Japanese call the crepe myrtle "flower of 101 days" because it has such a long blooming period.

James M. Bushnell, convicted of robbery in Orange County nearly 20 years ago, finally won a new trial. Court of Criminal Appeals said he was entitled to one under the recent U. S. Supreme Court ruling that every indigent person charged with a felony must have a court appointed attorney. Bushnell had no lawyer at the original trial.

**PARTY LEADERS TO MEET** — Both Democratic and Republican state executive committees will hold meetings here on March 9.

Required business is certifying candidates for statewide primary ballots, selection of party convention sites and the place of May 12 meetings to canvass the May 2 vote.

Scene-stealer at the Republican meeting, however, is the decision on whether (and how) to hold a presidential straw vote in connection with the first primary. The GOP will also get a look at its statewide candidates and hear an address by its only gubernatorial contender, Dallas oilman Jack Critehton.

Both party committees may see little action, too, on a proposed liquor-by-the-drink referendum, which reportedly is getting some backing from unexpected places.

**FIRE INSURANCE** — Texas cities with low insured fire losses are to be rewarded by lowered rates. State Board of Insurance has set new fire insurance rates to take effect April 1.

Property owners in cities with high insurance losses, however, will have to pay more for insurance in the year ahead.

System allows discounts as high as 25 per cent from regular rates for property in cities which have been successful in holding down fire losses. Cities in which high losses have been suffered are charged as much as 15 per cent above regular rates.

Board also revised extended coverage rates in the Galveston and Pelican Island areas, and promulgated an optional \$250 windstorm, hurricane and hail deductible applicable to homeowners' policies and standard fire policies.

**APPOINTMENTS ANNOUNCED** — Appointments by the dozens have been announced by Gov. John Connally.

San Antonio lawyer John Deane, a native of Wharton County, was named to the Texas Public Safety Commission,

angles than anybody else. A first rate expert can worry about a problem before it gets here, while it's here, and long after it's gone.

I got to thinking about this after I read a magazine article last night about some college professors who foresee a grave threat to mankind in the amount of leisure he may gain. "The problem of too much leisure is closer and more threatening than you realize," they said.

They pointed out the 36-hour work week, a 13-weeks vacation and other situations now developing in many industries, and estimated that in 20 more years 98 percent of the world's productive work will be done by two percent of the population. Now the problem these experts are worrying about is — can the people stand that much leisure? What will they do with themselves? Who'll clean all those fish they catch? How long can a tourist kid himself that he's having fun touring?

Like the question, Can man survive in space, this is a serious matter and deserves careful thought and preparation.

Just as we wouldn't think of shooting a man into space without first testing, neither should we allow man to risk rushing headlong into leisure without seeing if his constitution and nervous system will stand it.

Now I have had a certain amount of advance training in subjecting the human body to the strains of leisure. I will volunteer to go the whole way if the government is willing.

It won't be necessary to go to any elaborate preparation. I won't need a count-down or detailed weather report. Not even a television camera. Just have Washington mail me a check every month and I will plunge headlong into 100 percent leisure, keeping full notes on how the human body reacts to this new adventure of the 20th century.

Yours faithfully,  
J. A.

## News and Views . . .

### and what have you by BOB CRAIG

This past week has been one of those weeks when you think that things could get worse and sure enough they do.

I bought an old linotype machine in Rule last week and moved it on Friday. The machine nearly turned over when I was unloading it and then my youngest son, Ricky, was playing around on the trailer that I moved it on and fell off, skinning up his face.

On Saturday I found out the hard way that carbon tetrachloride will dissolve plastic. You don't put carbon tet in a plastic container to clean parts in. I have found out since that it seems like everyone knew this but me.

On Sunday morning our oldest son, Darrell, chipped his front tooth and then later in the day we discovered that Ricky had the chicken pox.

On Monday I had to go to Anson for jury service. The only bright spot of the week was that I didn't have to serve.

With our son having the chicken pox my wife, Barbara, has had to divide her time between the home and office.

If this is a fore runner to Friday 13th I believe I'll just stay in bed that weekend.

The wife and I had to attend the open house at school Monday night in shifts because of Ricky and I didn't get to go into all of the rooms that I would have liked too, but those I did visit showed a great deal of work on the part of the teacher and the students.

James Josey brought the following article in the other day and maybe it will explain some of the errors that manage to creep into the Herald in spite of everything that we seem to be able to do.

"The editor of a small town weekly was severely criticised because of an error appearing in his paper, and in the next issue he had this to say about it:

"Yes, we know there were some errors in last week's paper. We will further agree that there were some errors in the issue of the week before, but before bawling us out too unmercifully about it, we want to call your attention to these facts: In an ordinary newspaper column there are 10,000 letters and there are seven possible wrong positions for each letter, making 70,000 chances to make errors and several million chances for transpositions. There are 48 columns in this paper, so you can readily see the chances for mistakes. Did you know that in the sentence, 'To be or not to be,' by transpositions alone, 2,759,022 errors can be made? Now aren't you sorry you got mad about that little mistake last week?"

## KATHY HALLMARK TAKES PART IN ALL GIRL BAND FESTIVAL

Last Friday and Saturday, Kathy Hallmark, senior band student participated in the two day All-Girl Band Festival at Texas Woman's University in Denton. One hundred forty-two girls took part in the festival, forming a 110-piece concert band and two 161-piece stage bands.

The girls began their daily schedule at 8:30 with full band rehearsals and continuing with sectional practice until lunch time. At 1:30 there were more full-band and sectional rehearsals. On Saturday afternoon, the visitors were free to visit campus facilities and audition for scholarships.

Friday evening the music department of the University presented a concert featuring the Lass-O Concert Band, the Modern Choir and the Serenaders, the stage band.

The Saturday evening concert featured the Festival Concert Band, the Melodians stage band and the Swingettes stage band.

The Concert band, in which Miss Hallmark played French horn, played "The Dam Busters March," "Black is the Color of my True Love's Hair," "Mesa Grande Overture" by Lowell Little, Associate Professor of Music Education at TWU, "Bohemian Scene," a suite and "Diamond Jubilee March," a medley of Karl

Kirby's most famous marches. Miss Hallmark, daughter of Mr. and Mrs. A. J. Hallmark has been in band for four years and has practiced in All-District and All-Region bands and solo/ensemble contests. She is a member of the stage band and has served as band librarian and reporter. She is also a member of the National Honor Society. Miss Hallmark was accepted for the All-Senior Honor Band in Commerce, held on Feb. 22 but was unable to attend.

KATHY HALLMARK  
... in concert band

## UTILITY COMPANY TO PASS TAX CUT ON TO CONSUMERS

Savings resulting from the reduction in Federal income tax will be passed on to West Texas Utilities customers according to plans for system-wide rate reductions announced today. These reductions in rates will save customers about \$1 million annually, approximately 2.8% at this time. Savings will be even greater as electric sales grow.

Ned Moore, WTU Local Manager announced that the Company plans to pass on the full benefits of the tax reduction which it will receive under the new tax law. Under the new

## Mayor, Councilmen Seeking Re-Election To City Offices

All three incumbents have filed for re-election for their respective places on the City Council according to Mrs. H. M. Barrow, city secretary. The three were the only one to file up to press time Wednesday.

Seeking re-election are Hollis W. Madden, mayor; Floyd Clifton, alderman; and George Poe, alderman.

Madden will be seeking his first full term as mayor and both Clifton and Poe are seeking their second terms on the council.

Filing deadline for these posts is noon Saturday, March 7.

## Historical Group Making Plans for Civil War Week

Jones County residents will pause during week of April 20-26 to note the part of Texas, and particularly Jones County and old Ft. Phantom, played in the Civil War.

Bernard Buie, Chairman of the Jones County Historical Survey Committee, said today the local observance of the Texas Civil War Historical Appreciation week will include speeches at civic, cultural and study club meetings and school programs; essay contests for the high school students — and later in the year a special dedication program for the Jones County monument to be erected at the Anson Courthouse, honoring part of Jones County Civil War veterans.

The commemorative week is sponsored by the Texas State Historical Survey Committee and its Civil War Centennial Advisory Committee.

State winners in the essay contests will be honored during the week. The two winners will go to Austin for awards ceremony in the office of Gov. John Connally. All essays must be the original work of the student, and will be bound and presented to the Texas State Archives. Essays must be at least 500 words and not more than 2,500, confined to Texas people, military units and events in the Civil War.

law the income tax on corporations will be reduced in two steps of 2% each. The corporate income tax will go from 52% to 50% in 1964 and from 50% to 48% in 1965.

"We are giving customers the benefit of both the tax reduction already established for 1964 and the tax reduction scheduled for 1965," Cal Young, WTU President said. Passing this tax saving on to customers in form of rate reductions will simply leave the Company with the same rate of return it has been earning."

"Such system-wide rate reductions require extensive study," Young continued. "In addition, after the new rates are designed, considerable work will have to be done to adjust our IBM computer billing procedures to these new rates." Young added, "We expect to have the new rates in effect by mid summer . . . probably July or August. Prior to the time the rates are placed in effect, they must be approved by each incorporated city."

"WTU has a unique record for any industry . . . one of which we are very proud," Young pointed out. "WTU has never raised a rate. Through the years we have consistently reduced the cost of service as plant efficiency and improved operations, together with increased customer usage permitted. This planned rate reduction is a continuation of that long-established policy."

WTU supplies electric service for Hamlin and 165 other West Texas towns and communities in 50 counties extending from the Red River to the Rio Grande.

## Piper Track Team Places Eighth in Iowa Park Meet

Hamlin High School Track Team carried nineteen boys to Iowa Park last Saturday where they participated in their first track meet of the season. Lake Highlands claimed the title by outscoring the best team 116 to 74. The Pipers took eighth place in a field of twenty-five teams. The Pipers scored 20 points.

Larry Butler, Robert Pearce, Mike Shivers and Larry Simpson were the point winners for the Pipers. Butler took third place in the high hurdles with a 15.5 clocking and second place in the low hurdles with a 20.8. Pearce took fourth place in the broad jump with a leap of 20 feet 2 inches. Shivers and Simpson tied for fourth place in the high jump. Other stand outs were Kenneth Scott and Danny Contreras in the 1-mile run and David Drummond the 880 yard run with a 2:11 for his first clocking.

Friday the Pipers will participate in an inter-squad meet. Their next official meet being March 14, at the Coleman Relays.

## Texas Cattle Group President Asks for Import Restrictions

The president of the Texas and Southwestern Cattle Raisers Association said today that legislation to adequately restrict beef imports seems a more logical solution to the present low cattle price problem than the Administration's announced government beef buying program.

Leo Welder of Victoria said that at a time when the Administration is stressing economy of government at all levels, it appears a more feasible solution would be to support emergency type legislation to immediately impose reasonable quotas on the shipment of foreign meats into the United States.

Welder said cattlemen feel the government beef buying programs would do little to strengthen presently depressed livestock prices and would have no effect on the impact of future beef imports on stability of the domestic beef market.

He said adequate restrictions of beef imports through legislation could be achieved without cost to the taxpayers, and that consumers would continue to have adequate supplies of quality beef at reasonable prices.

Eddie Gabriel is home on furlough after graduating from the personnel man's school at the San Diego Naval base. He will go to Moffett Field, in San Jose, California.

# Piperettes to Meet Grandbury Friday in Regional Tournament

GOVERNOR CONNALLY DECLARES MARCH EASTER SEAL MONTH — Governor John Connally officially declared March Easter Seal Month for the Texas Society for Crippled Children and Adults with the purchase of Easter Seals from Linda Singleton, State Easter Seal Child. Linda, a patient at the West Texas Rehabilitation Center in Abilene, was born with a birth defect and has received rehabilitation services through the West Texas Rehabilitation Center, on Easter Seal Center, for the past three years. Governor and Mrs. Connally took time from their busy schedule during the recent B-52 Day at Dyess Air Force Base in Abilene to be the first purchasers of Easter Seals for 1964.

## Brother of Three Local Women Dies In Wichita Falls

Prentice S. Graham, 60, brother of three Hamlin women died about 1:30 p.m. Friday in a Wichita Falls hospital after a lengthy illness.

A victim of multiple sclerosis for about 15 years, he had headed a drive in 1954 to gain funds for research against the disease. He also had cancer. He had been hospitalized for three weeks.

Funeral was held at 2 p.m. Saturday in First Baptist Church in Wichita Falls with Dr. Landrum P. Leavell, pastor, officiating. Burial was in Crestview Memorial Park.

Mr. Graham was born Feb. 8, 1904 in Richland Springs, Texas. He was graduated from Hamlin High School and began his banking career here. He moved to Wichita Falls in 1926. He worked for the City National Bank for many years before his retirement in 1952.

Survivors are his wife, Mrs. Una Graham; one daughter, Mrs. Charles Thomas of Wichita Falls; one son, Lt. Donald D. Graham of Lawton, Okla.; four sisters, Mrs. Arba Burgess, Mrs. C. M. Abbott and Mrs. Evaline Ferguson, all of Hamlin, and Mrs. John E. Walton of Lubbock; four grandchildren.

## Several New Books Added to High School Library

The high school library has received several new books this year. Among the fiction books are A. J. Cornin's "Beyond This Place," an exciting novel of suspense, a gift to the library; "Wuthering Heights" by Emily Bronte; "It Could Happen to Anyone" by Margaret Craig, and "Lost Horizon" by James Hilton.

Among the new non-fiction books are a set of twenty biographies including Dag Hammarskjöld, Babe Didrikson, Frank Lloyd Wright, Ernest Hemingway, and Horace Mann; two books on Texas History, "Gaines Mill To Appomattox" and "General Tom Green, A Fighting Texan"; "The Seventeen Book of Decorating"; the "1964 World Almanac and Book of Facts"; and two books which are sent annually by Omar Burleson, "The Congressional Dictionary" and "The Yearbook of Agriculture."

Also added to the library recently were framed pictures of the late President Kennedy and President Lyndon B. Johnson.

Mr. and Mrs. A. V. Brannon of Munday, Indiana, visited his aunt, Mrs. Martin Westbrook and family Tuesday.

## FED CATTLE PRICES CONTINUE DECLINE; REACH 1957 LOW

Fed cattle prices continued to decline in February and reached their lowest point since early 1957.

The best demand in the Texas fed cattle market has been for high good and choice steers weighing 1,000 to 1,100 pounds, according to the latest summary published by the Cattle Feeders Division of the Texas and Southwestern Cattle Raisers Association. The spread between good and choice grades has been narrow.

During the past month there has been a noticeable decline in beef prices at the retail level. Lloyd Bergsma, director of the cattle feeders division, said this price adjustment was long overdue but it should help to

move the tonnage of beef available through trade channels with less pressure on live and wholesale prices.

For the week ending Feb. 22, total production of meats under federal inspection was 485.5 million pounds. This was down 2 million pounds from the previous week but was 48.4 million pounds above the same week last year.

The average weight of cattle slaughtered during the week ending Feb. 22 was 1,075 pounds up five pounds from each of the previous two weeks and 14 pounds above the comparable week last year.

Dressed beef prices were lower during the month. At Houston 400-600 pound good steer beef was quoted at \$34.50 - \$35.50 down \$1 from prices quoted at the end of January. Good grade calf in the 180-350 pound carcass weight range was selling at \$26-\$28 compared to \$27.50-\$28.50 last month.

At San Antonio good steer and heifer beef, 500-650 pounds was selling for \$32-\$35.50 compared to \$34-\$37 in January. At Omaha choice steer beef in the 600-700 pound weight range was quoted at \$34-\$35 at the close of February, down 50 cents per hundred weight from the previous month.

## Resident's Uncle Dies in Abilene

W. L. Shirley, 71, longtime resident of Anson and uncle of Mrs. Vernon Sharer of Hamlin, died last week in Abilene. He was buried Thursday after services were held in the First Baptist Church of Anson where he was a member.

His daughter, Doris is the wife of Dub Jackson. They have served for several years as missionaries of the Southern Baptist Convention in Japan.

Another daughter, Billie, now a teacher at Hardin-Simmons University, also spent a year in Japan.

## Light Snow Falls Here Wednesday

Only .01 inches of moisture was received here from a shower which fell late Tuesday night.

Early Wednesday morning small snowflakes were followed by large feathery flakes which were quickly driven away when the sun came out about 9:15 a.m.

## DOWNS IOWA PARK. 42-31, TUESDAY FOR BI-DISTRICT

The Hamlin Piperettes captured the bi-district championship Tuesday night by defeating Iowa Park 42-31 in Seymour High School Gymnasium.

After a slow first quarter the Piperettes were trailing 6 to 9. Over anxiety on the part of both teams accounted for the low scoring first quarter. The Piperettes came fast in the second quarter scoring 19 points and limiting the Iowa Park girls to eight points to gain a 25-17 advantage at intermission.

In the third quarter each

team scored 11 points making the score 36-28.

With six minutes left in the fourth quarter the Piperettes went into a stall to preserve an eight point lead. They extended the lead to 11 points by hitting 6 of 9 free throws while holding their opponents to three points.

Barbara Lakey and Cheryl Brown shot over 60% from the floor and each pulled down five offensive rebounds. Kay Hodnett stole the ball four times and Donna Compton accounted for six defensive rebounds.

The girls leave here Friday at 6:30 a.m. for Regional Playoffs at Lubbock on the campus of Texas Tech. They will meet Grandbury at 12:30 p.m.

## Grandson Becomes Greenvilles Only Leap Year Baby

David Christopher Cowan, son of Mr. and Mrs. David L. Cowan of Greenville born Feb. 29, will not get to celebrate his first birthday for four years but it is certain that he will not be forgotten each year by his grandparents, Mr. and Mrs. D. W. Cowan and Mrs. Faye Dean, all of Hamlin.

David was Greenville's only Leap Year Baby. He was born at 4:45 a.m. and weighed 8 lbs. 8 oz.

The parents are both graduates of Hamlin High School and North Texas University in Denton. Mrs. Cowan is the former Lusara Dean. They have a daughter, Leslie, age three and a half.

Cowan is plant manager of Herson Kiekernick, a lingerie manufacturing firm in Greenville.

## Bill Murff Begins Sales Management Training School

Bill Murff, son of Mr. and Mrs. Joe Murff, is in Akron, Ohio, where he began training for sales management and international marketing at Firestone International Company. He will be in training for one year and will then be given an overseas assignment.

A 1958 graduate of Hamlin High School, Murff attended Southern Methodist University and was graduated there with a double major in management and marketing. He was a letterman on the S.M.U. Mustang football team.

In January this year he received his master's degree in International Economics from American Institute for Foreign Trade in Phoenix, Ariz.

He worked as a management trainee all summer in Sao Paulo, Brazil, for Anderson, Clayton and Company. He has also served as sales and control agent for American Airlines in Dallas and Phoenix, Ariz.

His wife, the former Suzanne van de Putte of Sao Paulo, Brazil, is also a graduate of S.M.U. with degrees in music and elementary education. She also received a masters degree from American Institute for Foreign Trade with her husband. They have a two month old son, William Craig Murff Jr.

Before going to Akron, they visited with their parents Mr. and Mrs. Joe Murff and Mr. and Mrs. Charles van de Putte in Sao Paulo, Brazil.

BILL MURFF  
... in Akron, Ohio

## County Agent Urges Weed Control for Higher Yields

Recent rains have resulted in increased winter weed problems in wheat fields in Jones County, according to information this week from County agent Kirby Clayton. The weeds should be controlled while small, says Clayton, to save moisture and increase the wheat yields. For winter weed control in wheat, the Agent recommends 1/2 pound of either the ester or acid formulation of 2-4-D per acre. Control measures should be applied 50 days before harvest or earlier if necessary to prevent heavy loss of moisture from weed growth. Clayton cautions against waiting too late to spray when the weeds are large and have already sapped the moisture from the wheat.

The wheat should be sprayed after the crop is fully tillered and before it reaches the boot stage. Damage yield is most likely to occur during the boot, heading and flowering stages.

## Newberry Twins on H-SU Golf Team

Van and Dan Newberry freshmen students at Hardin-Simmons University in Abilene and sons of Mr. and Mrs. B. V. Newberry of Hamlin, are members of the H-SU golf team that opens its 1964 schedule Thursday in Fort Worth against Texas Wesleyan College.

A two-year letterman and four freshmen form the team. The dual match with TWC at Rockwood Municipal Course will be the first of a dozen two-way contests for the Cowboy linksters this spring. In addition, the team will compete in five medal-play tournaments.

Mr. and Mrs. Fred Carpenter visited with Mrs. Carpenter's sister, Mrs. O. O. Akins, in Haskell, Saturday. Mrs. Akins is in Haskell County Hospital suffering from a broken hip.

## COMING EVENTS

Friday, March 6  
Piperettes meet Grandbury at Lubbock 12:30 at Texas Tech Coliseum.

Friday, School dismissed for teacher's meeting.

52 Study Club meets 3 p.m. at the home of Mrs. Burt Oliver.

Literary Club meets 3 p.m. at the Harden Memorial Library.

Sunday  
Regular church services. Check the church page in this issue of services in the church of your choice.

March 20  
Senior play, High School Auditorium.

(Special events to be listed in this space should be brought to our attention by Tuesday noon.)

FAIRVIEW NEWS

By MRS. ELMER JOINER

News is scarce this Monday morning, even the rain that the weather man promised us yesterday, failed to show up. It looks like at this time there might be a sand storm, which would be typical for this time of year. Since yesterday was the first day of March, and it was a beautiful day, what one news commentator said was very fitting, he said that the month came in this year like a little tabby cat. Just given time the old March lion will show up, maybe today.

A few more were present at the study course last Wednesday night. This week fill complete the series, after which the awards will be given.

George Wainscott returned from Dallas, Thursday, where he underwent tests to determine the cause of his illness. They found his trouble a surgery was not indicated at this time, just medication. It is to be hoped that he will feel a lot better, real soon.

Keenan Wright really has the chicken pox this week, although not such a severe case, but more bumps than his sister Melinda had.

Mr. and Mrs. John Beauchamp and Debra, were Saturday night visitors of the H. L. Ford family.

Mrs. Elmer Joiner visited with Mrs. L. R. Faulkenberry, in Hamlin, Wednesday afternoon.

Mr. and Mrs. H. L. Matheney, Andrews, visited with Mr. and Mrs. E. A. Henry, Tuesday morning. They had been attending the lectures at A.C.C. Mrs.

Matheney is a sister of Mr. Henry and her husband is the minister, for one of the Church's of Christ, in Andrews.

After about three and a half years of attending barber school in his spare time, Woodrow Goodwin finished his course last week. He will go before the State Board, in the near future, after which he will be a full fledged barber. Going in his spare time only, it just proves what little spare time a farmer has, since it took him so long.

Mrs. Fred Rosenbaums has been on the sick list the past week. Although she was in church Sunday, she still isn't over what ails her. Having asthma, it makes it hard on her flu. One thing good about it all when she takes cold or has the flu, she has lost her voice, so Fred really got in his say that time. Seriously, we hope she soon feels better, for as we said, flu and asthma are a bad combination.

Mr. and Mrs. Archie Hogan, Spur, were Sunday visitors of her brother, Mr. and Mrs. Woodrow Goodwin and Linda.

Bob Murff, student of State University, Denton, spent the weekend with his parents, Mr. and Mrs. Joe Murff.

Another son of the Murff's Billy, spent Wednesday night with them, enroute from Sao Paulo, Brazil, to Akron, Ohio. After both he and his wife, graduated from Institute of Foreign Trade, with a Masters Degree, in Phoenix, Ariz. they went to Brazil, for a visit with her folks. She and little son, are still with her folks, but will join him in Akron, the last of

this week, where they will make their home.

Owing to sickness, either of them or some one in their family, of those responsible for family night in the church, it was not held this month. But it is hoped that everyone will be able to plan a good one for March, since it was agreed to double up on it.

Any one wondering about our church coons, they seem to be inactive right now. If they got in the church house they have been real quite about it, and if they failed to get in, they must have found another winter home.

We always have some thing to tell that has happened to Mrs. Henry, and those reading this have probably already discovered that the Henry's are very much loved out our way, since they are so young in heart, although they have celebrated their golden wedding anniversary. Well, it seems that last Sunday morning that 'Ern' was hurrying her too much, and she turned up in church with one shoe of one kind on one foot and another kind on the other. Taking it in her usual jolly way, she remarked that at least she had another pair of shoes at home just like the ones she had on.

YEARS AGO—

FIVE YEARS AGO:

Only .28 of an inch of moisture has been registered at the government gauge maintained by Bill Roundtree at the City pump station in December, a record low for any like period January and February, which is of the year since the government gauge was established in 1942.

New president of Hamlin year beginning July 1 will be C. Rotary Club Club for the fiscal F. Cook Superintendent of Hamlin schools.

Musicians of the 60-piece Hamlin High School Pied Piper Band will be in Sweetwater Saturday for the sixth annual band festival, according to Mac Fullerton, director of the local organization.

TEN YEARS AGO:

Highway 83 from Abilene to Anson will be made a four-lane thoroughfare under plans of the Texas Highway Commission. The County will be expected to furnish right-of-way.

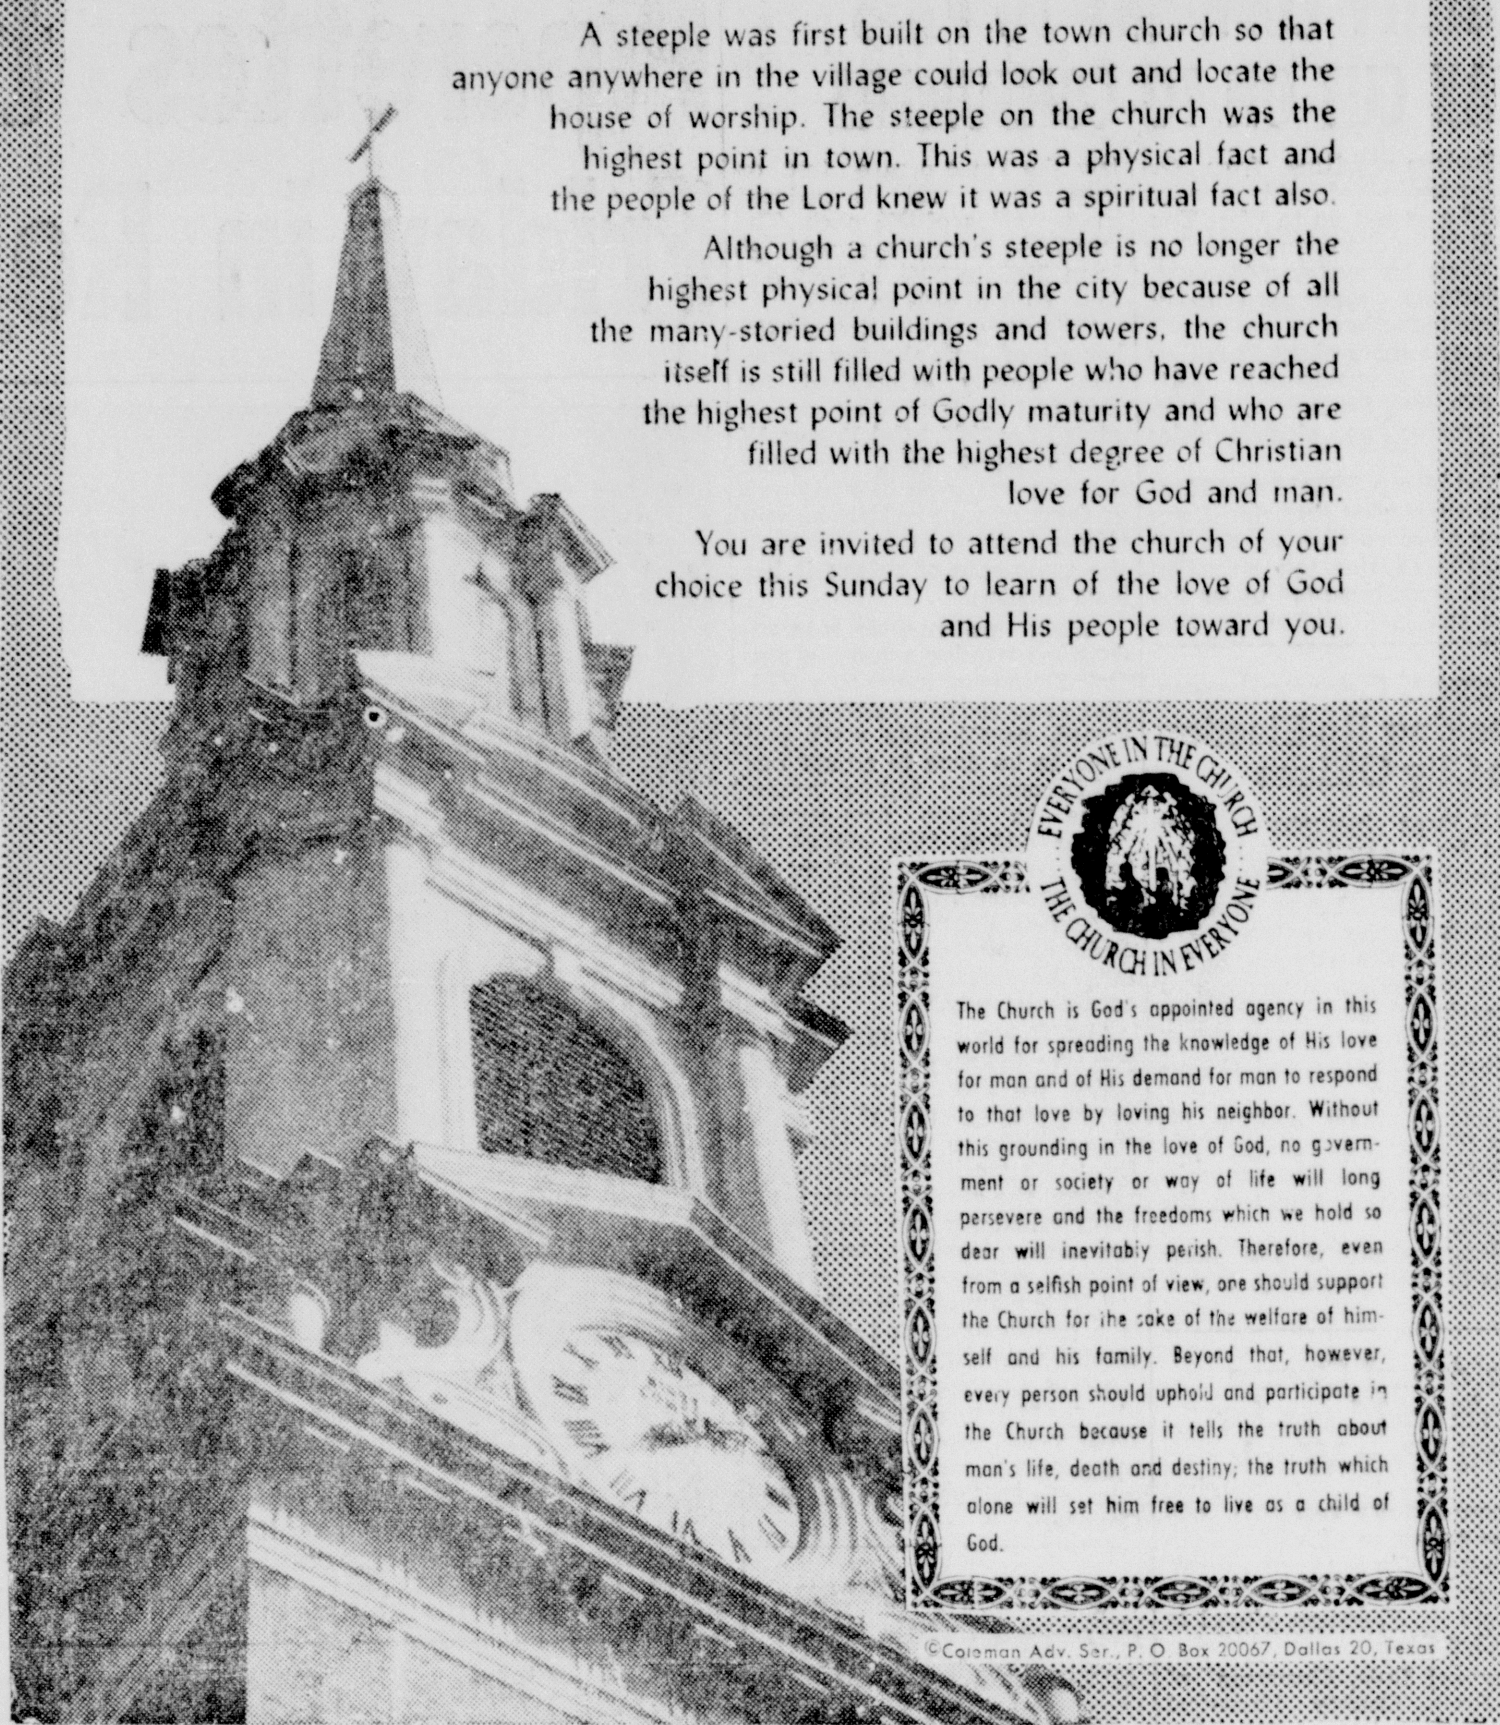

Small grains in the Hamlin area are suffering for want of moisture, declares growers, who say rains are badly needed.

FIFTEEN YEARS AGO:

Plans for the construction of 18 new homes in Northwest Hamlin have been completed by Tom Holman.

Malouf's Department Store has announced that five percent of all sales during a week end sale will be given to the Hamlin Memorial Hospital.

THE HIGHEST POINT

A steeple was first built on the town church so that anyone anywhere in the village could look out and locate the house of worship. The steeple on the church was the highest point in town. This was a physical fact and the people of the Lord knew it was a spiritual fact also.

Although a church's steeple is no longer the highest physical point in the city because of all the many-storied buildings and towers, the church itself is still filled with people who have reached the highest point of Godly maturity and who are filled with the highest degree of Christian love for God and man.

You are invited to attend the church of your choice this Sunday to learn of the love of God and His people toward you.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

FRIGIDAIRE

The 1964 flameless electric Frigidaire washers and dryers offer complete freedom from washday drudgery. They're completely automatic and virtually maintenance free.

The washer is equipped with a unique 3-ring agitator which keeps clothes in the under water "Action Zone," removes lint, guards against tangling, and unfolds every piece to clean them inside and out. And by the way, the washer automatically dispenses bleach and detergent, whether liquid or powder.

The Flowing Heat dryer tumbles clothes gently on a cushion of air, pampering the finest fabrics. And the Automatic Dry control shuts the dryer off when clothes are "just-right" dry.

No other washer and dryer approaches Frigidaire for quality, advancement, and performance.

## NEW TEXAS HIGHWAY MAP NOW ROLLING OFF PRESSES

AUSTIN — A sparkling new extension of the theme "Texas: America's Fun-Tier," is now rolling off multi-color presses by tens of thousands as the 1964 Official Highway Travel Map of Texas becomes available to native motorists and Lone Star State enthusiasts from Seattle to Siam.

The Texas Highway Department estimates that three-quarters of a million copies, and perhaps more, will be distributed the coming months to almost every manner of individual and institution.

An elementary class in Brooklyn may write for a map in conjunction with a study project; an Indian maharaja may request one prior to a visit; Communist espionage agents may even steal a few, though the maps are free for the asking to anyone, anywhere.

Every line, symbol and figure on Texas' 1964 Official Highway Travel Map has been newly calculated, plotted and engraved and every effort has been directed toward making the map more legible and easier for the average motorist to use. Type faces are bolder, colors have been selected for maximum brilliance, and the national standard system of highway symbols has been followed in almost all instances.

Another innovation to make the new map more legible is the deletion of almost 7,000 miles of Farm to Market roads. Because of the increasing complexity of the Texas highway system, a map attempting to portray every mile of rural road would be impossible crowded at the scale on which the Texas map must be printed.

Farm to Market roads which do not serve as links between regular highways are not included on the new map; nor are those which do join two or more communities. Communities with populations of less than 250 are not shown. Farm and Ranch to Market roads which do serve as connecting links are shown on the Map.

The 1964 Texas Travel Map will show a brand new route bearing the distinctive Ranch Road No. "1". Located in Gillespie County the newly designated Ranch Road No. 1 is a 4 mile loop bordering the Peder-nales River and connecting the ranch home of President Lyndon B. Johnson with U. S. 299.

Progress on the Interstate Highway system in Texas is seen at a glance, and other four-lane super highways are clearly depicted. Such divided highways now number more than 3,100 miles in the state.

with 650 additional multi-lane miles presently under construction. The map shows 860 Safety Rest Areas and 1,780 cities and towns.

Texas' 12 major cities with populations above 100,000 are each illustrated by map insets which chart the main thoroughfares and through routes. On the map's back, 20 full color photographs display tantalizing Texas scenes, and there is a message of greeting from Texas Governor John Connally.

Free copies of the 1964 Official Highway Travel Map of Texas may be obtained by writing the Texas Highway Department, Travel and Information Division, Austin, Texas 78703. Each county tax office supplies free postcards with which maps may be ordered. Copies are also available at each of the seven Tourist Bureaus located on key highways entering the state, and at all of the 25 Highway Department district offices.

### Storing The 'Hoppers

To keep frogs, grasshoppers and the like alive for a long period, put them in a mason jar with a few handfuls of grass. Be sure to punch breathing holes in the lid. Place the jar in the refrigerator where it is cold but not freezing. When you are ready to go fishing, remove the bait. The 'hoppers and frogs soon become active again.

### Repairing Broken Rods

To repair a broken hollow-glass fishing rod, simply purchase a steel drill-bit the exact size to fit into the rod. Glue into place and it will hold both halves securely together.

### Keeping Sinkers Tight

To prevent a clinch-type sinker from slipping on monofilament line, simply put a rubber band into the groove of the sinker before putting it on the line. Clamp down tight and the sinker will hold its position firmly.

## PIPER PATER—

### PIPER BAND TO TAKE PART IN LAMESA BAND FESTIVAL

The Pied Piper Band will leave Hamlin at 1:00 Friday, March 6, to go to Lamesa. This is the second year for the band to compete in the Lamesa Festival. Band members will stay in private homes Friday night, and a program has also been planned for their entertainment. The stage band, under the direction of Tim Jones, will participate on the program. The band took first place honors in Class AA Concert and Sightreading events at this contest last year. "Coat of Arms", a march by George Kenny, "Elsa's Procession to the Cathedral" from "Lohengrin" by Richard Wagner, and First Swedish Rhapsody by Eric Leidzen are the selections the band has chosen to play for contest.

hhs

School will be dismissed Fri-

day, March 6, for a District Teacher's Meeting in Sweetwater.

hhs

The Region I girls basketball play-offs will be held at Lubbock this weekend.

hhs

Eight FHA members and their two sponsors returned to Hamlin Saturday night after attending the Area IV meeting of Future Homemakers of America in Stephenville. The theme of the two day event was "Education Portals to Progress."

Mr. and Mrs. J. W. Carter had as guests over the weekend, Mr. and Mrs. Marvin Lane, Gayla and Sonny of Plainview. Mr. and Mrs. Jerry Burleson of Lubbock visited in the home of his parents, Rev. and Mrs. John Burleson Saturday and Sunday.

### Camouflaging Khakis

An old khaki shirt and trousers can be transformed into an effective camouflage suit by applying streaks of black and brown shoe dye to the material.

## CHEVELLE! by CHEVROLET—a great highway performer

Malibu 4-Door Sedan

Malibu Super Sport Coupe

Malibu Super Sport Convertible

Chevelle 300 6-Passenger Station Wagon

### Chevelle balanced performance is best!

Passing, cornering, threading through traffic, sudden stops—Chevelle excels all around! Chevrolet's new surprise package has what it takes to meet any driving challenge: Six or V8 engines, hefty brakes, Full Coil suspension—and a trim size that makes the most of them!

Chevelle means performance aplenty—standard 120-hp Six or 195-hp V8—and optional at extra cost, a 155-hp Six, a 220-hp V8, a new 327-cu.-in. V8! But Chevelle's performance means more. Chevelle's a foot shorter than the big cars. And the space Chevelle saves in size comes off the ends, not the middle. So it rides like you want a car to ride.

Chevelle lets you choose Powerglide\*, 4-speed manual\* or 3-speed manual transmission. Knowing how people like the custom touch, we wrote out a long list of extra-cost options. Knowing all this, what's keeping you from a test drive? Certainly not your Chevrolet dealer!

\*Optional at extra cost

SHERRY BURSON  
... bride-elect of Larry Upshaw

### Sherry Burson and Larry Upshaw Plan March Wedding

Mr. and Mrs. Raymon H. Burson of Haskell announce the engagement and approaching marriage of their daughter, Sherry to Larry Neil Upshaw, son of Mr. and Mrs. Leon Moore, of Abilene.

The couple plan a March 27 wedding at 7 p.m. in the First Baptist Church of Haskell.

Miss Burson is a 1961 graduate of Haskell High School and is a senior speech and theater major at Hardin-Simmons University, Abilene.

The prospective bridegroom was graduated from Hamlin High School in 1961 and is now majoring in business at H-SU. He is employed by Gulf Oil Corporation in Abilene.

Upshaw is a nephew of Mrs. Marvin D. Carlton of Hamlin.

### Five Hamlin Girls Attend Annual YWA Houseparty

Connie Jo Duncan, Mary Lois Patterson, Elizabeth Cunningham, Mary Ann Elkins, Christy Wallace and their counselors, Mrs. Everett Gibson and Mrs. W. W. Wallace, attended the annual Y. W. A. houseparty held on the campus of Hardin-Simmons University in Abilene.

The girls spent Friday evening and Saturday there, returning after services Saturday evening.

### Holds Skating Party

The Juniors of Central Avenue Baptist Church were entertained Thursday evening with a skating party at the Anson Roller Rink.

The social was attended by 43 Juniors and nine adults.

### Mrs. Guy Weaver Named Sweetheart Of Beta Theta

Mrs. Guy Weaver was crowned sweetheart of the Beta Theta Chapter of Beta Sigma Phi at the annual Sweetheart party hosted by Mr. and Mrs. Billy Jo Wilson Feb. 20, in their home.

A buffet supper was served forty guests.

Games of bridge and forty-two were played with prizes being won by Mrs. David Casey, Mrs. Dewey Nunley and Mrs. Sam Walker. Mr. Wilson Brannon and L. C. Bonds.

### Study Club to Meet Friday Afternoon

The Fifty-two Study Club will meet Friday 3 p.m. with Mrs. Burt Oliver as hostess.

Mrs. Lewis E. Madden will direct the program. Taking part on the program will be Mrs. Irby Weaver, Mrs. Noel Weaver and Mrs. Dean Witt.

NITA LOUISE SPRAGUE  
... bride-elect of Jerry Carlton

Mr. and Mrs. Bobby O'Neal and family of Lubbock were recent visitors of his parents, Mr. and Mrs. John O'Neal.

### Jerry Carlton and To Wed Borger Girl in Dallas

Mr. and Mrs. Albert N. Sprague of Borger have announced the engagement of their daughter, Nita Louise of Dallas, to Jerry Weldon Carlton, son of Mr. and Mrs. Weldon Carlton of Hamlin. Vows will be exchanged at 8 p.m. March 27 in Slaughter Chapel, Dallas, with the Rev. Kenneth Sutton, pastor of Dallas First Baptist Church, officiating.

Miss Sprague completed Jackboro High School and graduated from North Texas State University, where she was a member of Alpha Lambda Delta, Alpha Phi, and Mary Arden. She was Yucca Beauty and a U. S. N. T. Senator. She is presently teaching in Garland.

Carlton is a senior at NTSU, a member of Lambda Chi Alpha.

### Literary Club Sets Meeting at Library

The Woman's Literary Club will meet Friday at 3 p.m. at the Hardin Memorial Library.

Mrs. Bob Craig will be hostess. Mrs. L. H. McBride will preside "The Regional Vocabulary of Texas."

Mrs. C. F. Cook will be program director. Parliamentary procedure will be given by Mrs. C. D. Moore. Profile of the author will be by Mrs. Lenard Hantley.

### Albrittons Win Duplicate Bridge

Winners of first place in the Hamlin Duplicate Bridge Club Tuesday night were Mr. and Mrs. Henry Albritton. Mrs. Grady Bowdrey of Stamford, Mrs. Starr Inzer tied with Mr. and Mrs. Harry Yates of Stamford for second place. Then fourth place winners were Mr. and Mrs. Harvey Elkins.

## FOR HORSE LOVERS...

by Cecilia Johnson  
While it may not be generally known, horses have Rh factors similar to that of humans and have the same problems when the negative and positive factors are incompatible. I guess in horses it would be called a blue colt rather than a blue baby.

The Boyd Gibsons found this out a couple of weeks ago when they had a colt born that became very weak and wobbled a few hours after birth. They called in a veterinarian who discovered the trouble and started replacing the colt's blood with blood from a registered Appaloosa owned by Ben Turner.

The colt lived only four days, the colt lived only four days.

The Gibson family, Boyd,

Beverly, and their children, Steve, 12, and Cheryl, 10, enjoy their horses which include three registered quarter mares and one registered filly colt. The horses are being trained for special duties and also provide a good hobby for the family.

One of the mares, Sissy, has been in race training for six months and is now racing. Blackway, a mare owned by Steve, is used for flag races. She is out of Williams Atway out of the Bandplays blood line.

Mallards Lady is out of Jacobs Trixie and has a yearling filly who is a great granddaughter of the Great Joe Reed P3. The mare is now in foal from Wampus Bars.

## STATE CAPITAL Highlights AND Sidelights by Vern Sanford

AUSTIN, Tex. — Courts are making the news these days.

Texas Supreme Court will hear arguments in an important test case which will determine whether holders of paid political offices can run for the Legislature during their present elective or appointed terms.

Truman P. Kirk, Abilene lawyer and legislative candidate, is trying to keep 104th Dist. Atty. Tom Todd off the Democratic ballot. Todd's term as D. A. runs through December 31, although he has resigned effective

November 1.

Present office holder is Rep. Allen Glenn of Abilene. Court's decision will affect many local office holders over the state similarly seeking legislative places this year.

In earlier action the State Supreme Court lost little time in polishing off an attempt to ban, from jury service, all who saw telecasts of the shooting of Lee Harvey Oswald.

High court refused a request, by Jack Ruby's attorneys, for permission to file a petition for mandamus to force Dallas Trial Judge Joe B. Brown to accept two televiewers as defense witnesses.

A day later the Court turned down another motion for leave to file a mandamus pleading. This was from Leroy Roach of Brownwood. Roach has tried unsuccessfully to get his name on the 64th District ballot as a legislative candidate. Area includes Brown, Coleman, Comanche and Runnels Counties.

Roach's application arrived after the filing deadline, and was not sent by registered or certified mail. So the Democratic county chairman rejected it.

James M. Bushnell, convicted of robbery in Orange County nearly 20 years ago, finally won a new trial. Court of Criminal Appeals said he was entitled to one under the recent U. S. Supreme Court ruling that every indigent person charged with a felony must have a court-appointed attorney. Bushnell had no lawyer at the original trial.

**PARTY LEADERS TO MEET** — Both Democratic and Republican state executive committees will hold meetings here on March 9.

Required business is certifying candidates for statewide primary ballots, selection of party convention sites and the place of May 12 meetings to canvass the May 2 vote.

Scene-stealer at the Republican meeting, however, is the decision on whether (and how) to hold a presidential straw vote in connection with the first primary. The GOP will also get a look at its statewide candidates and hear an address by its only gubernatorial contender, Dallas oilman Jack Crichton.

Both party committees may see little action, too, on a proposed liquor-by-the-drink referendum, which reportedly is getting some backing from unexpected places.

**FIRE INSURANCE** — Texas cities with low insured fire losses are to be rewarded by lowered rates. State Board of Insurance has set new fire insurance rates to take effect April 1.

Property owners in cities with high insurance losses, however, will have to pay more for insurance in the year ahead.

System allows discounts as high as 25 per cent from regular rates for property in cities which have been successful in holding down fire losses. Cities in which high losses have been suffered are charged as much as 15 per cent above regular rates.

Board also revised extended coverage rates in the Galveston and Pelican Island areas, and promulgated an optional \$250 windstorm, hurricane and hail deductible applicable to homeowners' policies and standard fire policies.

**APPOINTMENTS ANNOUNCED** — Appointments by the dozens have been announced by Gov. John Connally.

San Antonio lawyer John Pascoe, a native of Wharton County, was named to the Texas Public Safety Commission,

## PHILOSOPHER WILLING TO FACE PERILS OF 100 PERCENT LEISURE NOW THREATENING MANKIND

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route 1 must have more leisure than he realizes, to be worrying about what he is this week.

Dear Editor: One thing about an expert is that he can worry a problem from more

succeeding C. T. McLaughlin of Snyder.

Connally selected three committees — one of 73 members, another of 21, and a third of five.

The five-member group will study development and use of Texas bays. Members are Dr. Carl J. Lind Jr. of Houston, Barry Richburg of Pasadena, Stone Wells of Houston, Charles Sowell of Houston, and John Clegg of Port Lavaca.

Judge Herman Jones of Austin was appointed chairman of the 21-member Citizens Advisory Council on Mental Retardation to help with a new state-federal planning program which will bring a \$30,000 grant to Texas.

State Sen. Walter Richter of Gonzales is chairman of the steering committee of the Governor's 73-member Committee on Aging.

**DROP-OUT STUDY** — Texas Education Agency will begin the first projected series of five pilot programs for school dropouts in the Corpus Christi School District.

District will work with Earl Martin of TEA in (1) direction and planning of special courses for dropouts; (2) assisting in developing part time employment possibilities for pupils who need work to stay in school; and (3) organizing a program of consultation to meet the dropouts' needs.

**TOURING TEXANS** — Two Texas tourists got home from Germany with high hopes they have been successful in interesting Germans in touring Texas.

Sen. Walter Richter of Gonzales and Walter Meyer of San Antonio made the trip as official goodwill envoys. They got to Dusseldorf in time for Meyer to ride in a carnival parade in full cowboy attire. Richter said many German children wear cowboy suits, and they have hope to capitalize on their interest in cowboys to perk up Texas tourist business.

Japanese call the crepe myrtle "flower of 101 days" because it has such a long blooming period.

angles than anybody else. A first rate expert can worry about a problem before it gets here, while it's here, and long after it's gone.

I got to thinking about this after I read a magazine article last night about some college professors who foresee a grave threat to mankind in the amount of leisure he may gain. "The problem of too much leisure is closer and more threatening than you realize," they said.

They pointed out the 36-hour work week, a 13-weeks vacation and other situations now developing in many industries, and estimated that in 20 more years 98 percent of the world's productive work will be done by two percent of the population. Now the problem these experts are worrying about is — can the people stand that much leisure? What will they do with themselves? Who'll clean all those fish they catch? How long can a tourist kid himself that he's having fun touring?

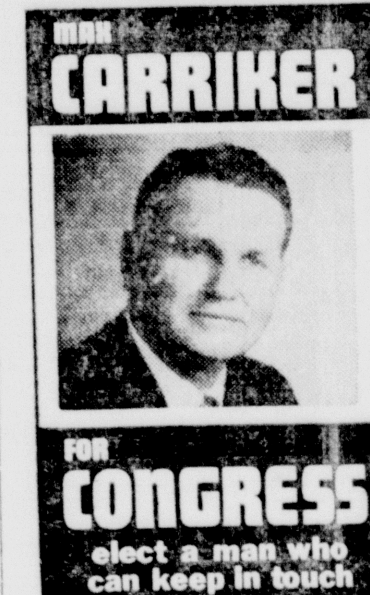

Like the question, Can man survive in space, this is a serious matter and deserves careful thought and preparation.

Just as we wouldn't think of shooting a man into space without first testing, neither should we allow man to risk rushing headlong into leisure without seeing if his constitution and nervous system will stand it.

Now I have had a certain amount of advance training in subjecting the human body to the strains of leisure. I will volunteer to go the whole way if the government is willing.

It won't be necessary to go to any elaborate preparation, I won't need a count-down or detailed weather report. Not even a television camera. Just have Washington mail me a check every month and I will plunge headlong into 100 percent leisure, keeping full notes on how the human body reacts to this new adventure of the 20th century.

Yours faithfully,  
J. A.
